WHAT IS LEADERSHIP WYANDOT

Leadership Wyandot is your gateway to a transformative 9-month journey designed for both emerging and experienced leaders across all sectors. From rising professionals to seasoned executives, participants gain hands-on leadership development, expand their network, and dive deep into the heart of Wyandot County. Discover what makes our community truly special while growing as a leader along the way.

Intentional Sessions

Leadership Wyandot equips emerging and experienced leaders with the tools to grow professionally, think strategically, and lead with purpose.

Each session takes participants inside the industries, institutions, and civic systems that shape local life, turning county knowledge into stronger relationships and practical leadership insight.

Cross Collaboration

This program blends leadership development, local field experiences, and peer relationships so participants leave with practical insight and a stronger countywide network.

Immersive Experience

Leadership Wyandot runs one full day each month from January through September, generally on the second Thursday of each month from 8:30 a.m. to 4:30 p.m. Orientation and graduation are scheduled separately and communicated in advance.

Supporting our Community

Each Leadership Wyandot class will leave its own mark on Wyandot County through a Community Give Back project—turning leadership development into meaningful action.

Throughout the program, participants will identify a local need or opportunity, work together to develop a solution, and create a project that provides a lasting benefit to the community.
